

Dear Sir or Madam:

I would like to introduce myself to your company. Currently, I work freelance, based out of the Orlando, Florida area as a diverse Video Engineer. You'll see on the attached resume, details of my skills and background and the depth of my experience in the entertainment industry. I can offer you the opportunity to hire a real pro, who needs no training and who is comfortable and successful. I expect that several of my strengths will be quite convenient, such as attention to detail and the ability to work with complex equipment.

Moreover, having experience in different areas, I have the background to present you with a variety of skills and the flexibility to work with a wide range of gear. When you hire me, you get someone who thinks for herself and who is not afraid to suggest new ways to approach difficult tasks.

Knowing how busy you are, I would be most grateful if you could spare a few moments of your day for me, to look over my resume and possibly contact me either by phone 321-356-5360, or email LHarrer@cfl.rr.com

Sincerely, Lisa Harrer
